## MISSION

Enhances national security by eliminating U.S. chemical warfare materiel (CWM) and supporting CWM responses, while ensuring maximum protection for the public, workers, and the environment.

## DESCRIPTION

The Chemical Materials Agency (CMA) mission is mandated by public law and includes the design, construction, systemization, operations, and closure of chemical agent disposal facilities in Alabama, Arkansas, Indiana, Maryland, Oregon, Utah, and the Johnston Atoll in the South Pacific. Demilitarization operations have been completed in Indiana, Maryland, and the Johnston Atoll. Stockpile disposal at locations in Colorado and Kentucky is the responsibility of the Assembled Chemical Weapons Alternatives Program, which reports directly to the Office of the Secretary of Defense.

CMA is also responsible for emergency preparedness activities at the chemical weapons storage depots

and assessment and destruction of non-stockpile and recovered chemical warfare materiel.
