

# Light Capability Rough Terrain Forklift (LCRTF)

## INVESTMENT COMPONENT

Modernization

Recapitalization

Maintenance

### MISSION

Provides a mobile, variable reach, rough terrain forklift capable of handling all classes of supply.

### DESCRIPTION

The Light Capability Rough Terrain Forklift (LCRTF) is a C-130 and CH-47 sling load transportable, 5,000 pound capacity, variable reach rough terrain forklift with fork tine oscillation and side-shift cab controls. The LCRTF enters, stuffs and un-stuffs Army International Organization for Standardization (ISO) containers, and the extendable boom fork carriage also un-stuffs pallets from ISO containers on trucks. The LCRTF is a significant improvement over the existing 4,000 pound capacity forklift fleet (enclosed air conditioned cab, moveable tines, TIER III engine and improved helicopter lift).

### SYSTEM INTERDEPENDENCIES

None

### PROGRAM STATUS

- **Current:** The LCRTF is currently going through testing at Aberdeen Proving Ground

### PROJECTED ACTIVITIES

- **FY13:** Complete testing and logistics development
- **FY14-FY17:** 602 systems are projected to be fielded
